

**“FOR THOSE WHO APPRECIATE QUALITY & STYLE”**

**Nationwide Wholesalers and Stockists**

**MOTION SOFA RANGE**

## Our story

We are a family based business established in Blackburn since 1979.

We have built our reputation on high quality craftsmanship, leading edge designs with materials used of the highest quality and are determined to provide a fast, efficient delivery service.

We deal with a wide range of clientele throughout mainland UK and Ireland and we will tailor our service to meet your individual requirements and preferences. Our range of motion recliner suites include traditional, classical and contemporary designs in a variety of combinations.

Our designs are complemented by our top quality fabrics which include Cow Leather, Suede and Faux Leather.

We offer a delivery service with no minimum order, extending throughout mainland UK and Ireland, with a concept that guarantees delivery from stock to your warehouse within 3-4 weeks. Containerised purchasing options also available upon request.

For sales enquiries please contact our Head Office on:  
01254 264156

## Why buy a recliner?

- Recliner sofas are designed for comfort. They have padded seats and back cushions that provide support and comfort for your body.
- The reclining feature allows you to adjust the sofa to your desired position, so you can always find the perfect spot to relax.
- We supply manual and power recliners, both of which have comfort and relaxation written all over them. Power recliners allows you to recline with the simple push of a button and needs to be plugged into a wall outlet.
- A manual recliner requires your body weight to push back and recline by placing your hands on the armrests for leverage.
- They are easy to assemble as the base and backs are separate from each other, they both clip into each other via a locking lever. Due to this, delivery of these suites are easy and hassle free.

“ Our furniture is built with care and attention by true craftsmen employing unrivalled quality standards and using only the finest raw materials. ”
